# LETTER FROM TERNATE 1858

*The first 8 letters I received from Darwin - (while in the Malay Archipelago)*

*13. The Mrs. of my Paper sent to Darwin and printed in the Journal of the Linnean Society, was not returned to me, and seems to be lost. The proofs with the Mrs. was perhaps sent to Sir Charles Lyell, or to the Secretary of the Linn. Soc. & may some day be found. It was written on their foreign note paper.*
