

LETTER FROM TERNATE 1858

The first 8 letters I received from Darwin - (while in the Malay Archipelago)

NB. The Mrs. of my Paper sent to Darwin and printed in the Journal of the Linnean Society, was not returned to me, and seems to be lost. The proofs with the MS. was perhaps sent to Dr. Charles Lyell, or to the Secretary of the Lin. Soc. & may some day be found. It was written on thin foreign water paper.
